## ABOUT ME

I am a detail-oriented computer science graduate with expertise in MySQL, Python, and C programming. Currently pursuing an AWS with DevOps engineering course, I have practical experience in MySQL and web development. With strong problem-solving skills and a focus on optimization, I am adept at creating efficient solutions. Eager to apply my skills in DevOps, I thrive in collaborative environments and am committed to staying updated on emerging technologies. I am dedicated to achieving excellence in my professional journey.
